

## Appendix II

# Catalogue of Fresh Fruit Varieties and Exporting Countries/Regions that Have Obtained Inspection and Quarantine Access to China

Updated on October 13, 2017

<b>Exporting Country/Region</b>	<b>Variety of Fruit</b>
Canada	Cherry ( <i>Prunus avium</i> , British Columbia), Blueberry ( <i>Vaccinium</i> spp. Blueberry British Columbia)

Note:

The fruit names are listed in order via Chinese, Latin and English, and the Latin names are in italics.

\*Protocols have been signed but the fruit cannot be imported due to unfinished access processes.

The updated version has added one fruit variety: the Cherry of Uzbekistan
